

Solutions to Support Your Agency's Cloud, IT & Cybersecurity Modernization Initiatives

As a premier Microsoft partner, Xgility brings deep expertise and experience to help accelerate your agency's modernization journey – and become more innovative, agile, and secure.

Transform with Confidence

As government agencies move to the cloud, modernize systems and apps, implement zero trust, and reinvent ways of working for the future, they will feel comfortable **trusting Xgility as a partner** with proven expertise in developing Microsoft cloud-based solutions.

Your Trusted Partner for End-to-End Solutions & Support

Xgility delivers expertise, solutions, services, and support for all stages of your agency's modernization journey.

We leverage our industry-leading experience with Microsoft cloud platforms, services, and applications to craft an agency-specific pathway to the cloud, set up the right infrastructure and security measures, migrate your data or applications, plan and implement zero trust, and then help maintain and optimize these critical investments going forward.

Deep Technical Microsoft Expertise

As a Microsoft Gold partner, we currently hold 12 gold-level certifications for Microsoft's cloud platforms and technologies.
